

IT IS TO BE "short horse soon carried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells honest goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.
